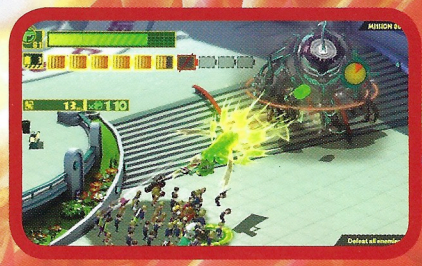
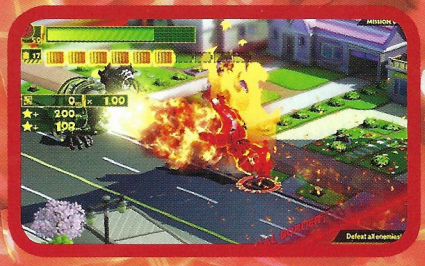
Lead a team of the world's strongest (and strangest) superheroes to fight off a massive alien invasion!
As Wonder Red, leader of the Wonderful 100, unite your horde of heroes to Unite Morph into powerful transformations such as a fist, sword, glider, gun, and more to battle aliens throughout Blossom City. You, and the Wonderful 100, are the city's best weapon.





FEATURES

It's up to you and your team of superpeople to take on colossal robots and alien masterminds bent on obliterating Blossom City. But don't worry—you're not alone. You can recruit more hero allies to your cause and learn even more Unite Morphs as you fight, climb, glide, and leap your way through the war-torn city. Use your fighting skills to dodge enemy attacks and chain together combos, and then head to the Wonderful Mart to buy new items and abilities. Recruit friends to fight cooperatively by your side in multiplayer, or compete head to head in battle mode.

- Lead a horde of superheroes in a fight against alien invaders
- Recruit new heroes to learn powerful new abilities
- Take on alien invaders in intense, over-the-top battles
- Buy new abilities and upgrades at the ingame shop
- Up to 5 friends can play cooperative multiplayer as your superhero teams fight off waves of alien invaders
(additional accessories are required for multiplayer mode; sold separately)

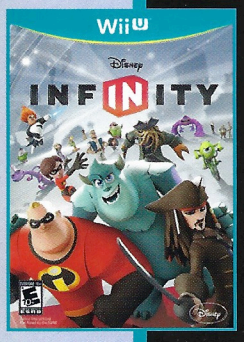
Disney Infinity – Disney Interactive

ESRB Rating: Everyone 10+ with Cartoon Violence
LAUNCHES: 08.18.13
ALSO AVAILABLE ON: Wii and Nintendo 3DS



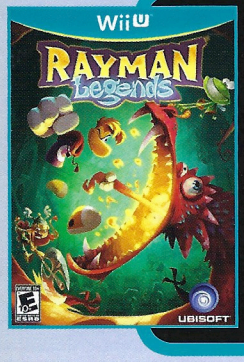
In Disney's most ambitious video game initiative ever, Disney Infinity introduces an all-new game universe where a spark of imagination unlocks a fantastical world where players have unprecedented freedom and endless opportunity to create stories and play experiences starring the beloved characters from Walt Disney and Pixar Animation Studios' most popular franchises.

For the first time, players will place real-world interactive figures - characters, power discs and landmark pieces - on a device called the "Disney Infinity Base" to activate original, story-driven adventures in the game worlds, also known as "Play Sets," of "Monsters University," "Pirates of the Caribbean" and "The Incredibles." In each respective "Play Set", players will take on the role of a variety of popular characters including Sully, the naturally gifted scarer; Captain Jack Sparrow, the sword-wielding double crosser; and Mr. Incredible, one of the world's greatest crime-fighters, and battle enemies, solve challenging puzzles, overcome obstacles and complete a variety of other unique quests.

As players advance through each adventure, they will collect characters, vehicles, upgrades, gadgets and more which they can save to a virtual "Toy Box." At any time, players can access their personal "Toy Box" and use the items to create one-of-a-kind Disney adventures featuring any combination of characters, environments and items across all franchises. The possibilities are endless and players are only limited by their imaginations.

Rayman® Legends – Ubisoft

ESRB Rating: Everyone 10+ with Comic Mischief and Mild Cartoon Violence
LAUNCHES: 09.03.13



Michel Ancel, the celebrated creator of Rayman®, Beyond Good & Evil®, and the Raving Rabbids®, returns to unleash his innovative creativity on this new entry into the Rayman® franchise.

When Rayman, Globox, and the Teensies discover a mysterious tent filled with captivating paintings, they are suddenly transported to a series of mythical new worlds! Join them as they run, jump and slap their way through each world to get home, save the day, and discover the secrets of the legendary paintings!

Tom Clancy's Splinter Cell® Blacklist™ – Ubisoft

ESRB Rating: Mature with Blood & Gore, Drug Reference, Intense Violence, Strong Language
LAUNCHES: 08.20.13

The United States has a military presence in two thirds of countries around the world. A group of terrorists calling themselves The Engineers have had enough and initiate a terror ultimatum called the Blacklist - a deadly countdown of escalating attacks on U.S. interests. Special operative Sam Fisher is now the leader of the newly formed 4th Echelon: a clandestine unit that answers solely to the President of the United States. Together, they must hunt down The Engineers by any means necessary, and stop the Blacklist countdown before it reaches zero.

Splinter Cell Blacklist offers enhanced gameplay options on Wii U™. The Wii U™ GamePad replicates Sam's OpSat, allowing the player to operate gadgets such as tri-rotor drones and the sticky cam through touch and motion based inputs.
The Wii U GamePad allows for faster reaction times, letting the player mark enemies, switch weapons, quick reload and choose gadgets to adapt to any situation, among other features.

Fan favorites modes such as Spies vs Mercs and Co-Op multiplayer are back!

Available for purchase in the Nintendo eShop on either Nintendo 3DS or Wii U.
